Emileen international FZE Company established in Ras Al Khaimah Free Zone, after 14 years experience in hotel supply business in UAE and the region.

Emileen International FZE is a general trading company started its own operation in UAE, as the fastest growing market and trading hub in the region. We deal with products, manufacturers and traders of hotel and restaurant supplies. We import products from highly dependable sources, utilizing our long term relation with the manufacturer to build our healthy & wide spread client base.

OUR VISION: Facing the upcoming challenges with enthusiasm and dedication, our commitment is to provide the best value and services to our customers. We give you every reason to depend on us as your needs continue to evolve. To redefine outdoor living with exceptional and enduring furniture, fostering memorable experiences in harmonious spaces.

OUR MISSION: To completely delight and satisfy our client. We make a difference every day continually getting better to keep us the best.

Emileen International FZE is dedicated to crafting high-quality outdoor furniture that seamlessly combines style, comfort, and durability. We strive to elevate outdoor environments worldwide, enriching lives through innovative designs that withstand the test of time and weather.

Partnership

Emileen International FZE establishes a symbiotic partnership with its suppliers, emphasizing collaboration and mutual growth. Transparent communication channels enable efficient procurement of quality materials, fostering reliability in the supply chain. The relationship is built on shared goals, where the company benefits from timely deliveries and competitive pricing, while suppliers gain consistent business and opportunities for expansion.

Tradewinds – a brand name in parasols synonymous with superior and good styling, consistency and reliability. In addition to the traditional wooden sun umbrella, the range has been developed to include stainless steel and aluminum products. Every parasol tells a collection of stories. When our story ends your story begins. The precious materials that went into making it. The committed people who made it. The authentic brands that left their mark on it. You who nestles under it.

In 1965, Louis Brutsaert founded a company that specialised in awnings and home sun protection. The company developed a solid customer base, trading under the name L. Brutsaert. In 1997, the Brustor brand was launched, based on the available in-house knowledge and experience. Brustor grew rapidly in the following years. In 2011, we launched pergolas with a louvred roof, our Outdoor Living product. While this boosted our business, it also meant that our production facilities soon proved inadequate.

There is nothing more glorious than enjoying that good old sun on a radiant day. Or looking for shelter and refreshment in the shade when the sun starts shining too brightly. It's the perfect spot for reading a book, blissfully watching your kids playing or enjoying a tasty aperitif or a wonderful meal... Prostor takes pride in making that little place in the shade as stylish and functional as possible.

Emileen International FZE Working with the high end manufacturer with their style, quality, value and durability, we in **Emileen International FZE** selecting the best manufacturers with their wide selections of products. Lasting, appealing designs, impressive and careful craftsmanship are the attributes of our products that ensure comfort, aesthetics and luxury to our clients.

brands on
parasols & signs

Our products are tailored to your unique and specific needs, in order to highlight your brand values in a powerful and targeted manner. We are best known for parasols, LED sign solutions and different types of displays. Logically, our clients include major international retail brands, restaurants and cafes, as well as hotels. Our products are always created with corporate social responsibility in mind. You are most likely to have spotted some of our work before, probably without realizing which company was behind it.

Annin
FLAGMAKERS

We have been making our country's symbol since 1847 and are the oldest and largest flag manufacturer in the United States. Annin Flag makers is a 6th generation family owned and operated company. All of our flags are made to the highest standards by the most experienced flag makers in the industry. Over the years, we've learned a bit about making flags — from the creation of long-lasting fabrics and inks to the dense embroidery of our rich star fields.

Brighthome

was founded in 2005, and is a profession outdoor furniture factory gathering designing, emboldening and producing. We have many different series products. They are made in PE rattan, teak wood, textilene, plastic wood and aluminum. Through our strict quality control system, we guarantee a long lifetime for product. Our Specialist

Emileen specializes in trading outdoor furniture and parasols, offering a curated range designed to elevate outdoor spaces. With a focus on quality craftsmanship and innovative designs, Emileen provides durable solutions that blend aesthetics with functionality. Their dedication to customer satisfaction is reflected in their diverse product offerings, catering to various styles and preferences, making them a trusted choice for enhancing outdoor experiences.

- 1. Outdoor Furniture Made of Rattan:** We specialize in creating exquisite outdoor furniture pieces from rattan, blending natural aesthetics with resilience. Our rattan collection adds a touch of elegance to outdoor spaces while ensuring lasting performance in various climates.
- 2. Outdoor Furniture Made of Teak Wood:** Our teak wood outdoor furniture reflects the beauty of nature, offering timeless sophistication and exceptional strength. Crafted with precision, these pieces provide comfort and character to outdoor settings.
- 3. Outdoor Furniture Made of Powder Coated Aluminum:** With a focus on modern design and durability, our powder coated aluminum outdoor furniture effortlessly combines sleek aesthetics with weather-resistant functionality. These pieces bring contemporary style to any outdoor space.

Sustainable

In an era where environmental consciousness is paramount, companies are recognizing the significance of sustainability across every facet of their operations. One shining example is **Emileen International FZE**, which has taken remarkable strides to infuse sustainability into its office work, delivery processes, and storage methods.

Within the confines of its office spaces, **Emileen International FZE** has adopted eco-friendly practices that span from energy-efficient lighting and smart temperature control to reduced paper usage through digital documentation. These small yet impactful changes not only minimize the company's carbon footprint but also inspire employees to adopt greener habits.

Innovations in storage have also played a pivotal role in **Emileen International FZE** 's sustainable journey. Embracing minimalism and efficient space utilization, the company has reduced its need for excess storage while focusing on reusable and recyclable containers. This not only optimizes inventory management but also reduces waste generation.

In a world where the environmental impact of businesses is under scrutiny, **Emileen International FZE** sets a compelling example of how sustainable practices can permeate through every level of operations. By championing eco-conscious approaches in office work, delivery, and storage, the company not only contributes to a healthier planet but also sets a precedent for others to follow suit.

Teamwork

At Emileen International FZE, the essence of successful collaboration thrives through seamless teamwork among various departments. The top management provides strategic guidance and a clear vision, setting the tone for the entire organization. The Marketing department strategically positions the brand, communicating its value and capturing market trends to shape the company's direction.

Working in tandem, the Sales Department harnesses these insights to forge client relationships, translating them into tangible growth. The Design Department's creative prowess crafts innovative products aligned with market demands, enhancing the company's competitive edge.

Logistics and Supply Chain ensure the smooth flow of materials and finished products, optimizing efficiency and minimizing disruptions. This well-orchestrated teamwork is the backbone of Emileen's success, enabling swift responses to market shifts and evolving customer needs.

Regular cross-functional meetings foster synergy, allowing the departments to align their efforts seamlessly. Each unit recognizes its role within the greater whole, ensuring that the company's values and objectives remain at the core of their endeavors.

As challenges arise, collective problem-solving cultivates resilience, leading to improved processes and adaptive strategies. This collaborative spirit not only enhances Emileen's product quality and service but also contributes to a harmonious work environment that drives individual and collective growth.

Customer Service
